To Whom It May Concern:

We met Galen & Malinda Oakes at a Family Life Conference church rep meeting several years ago. We, as directors of HomeBuilders for FamilyLife in North East Ohio, shared our vision for strengthening marriages and they shared with us how they strengthen marriages through drama as "Amazing Grace Land Ministries". We are on the marriage council at Christ the King Church in North Olmsted, Ohio and came up with a dinner theater idea. We called Galen and Melinda about doing a short performance at our church with our youth serving a sit-down dinner. Last year this vision unfolded better than we ever expected. They performed "the King" and everyone was blessed beyond belief. Our Pastor, Tom Slater, continues to inform us that he would like to see them back again to perform for our entire church and possibly as an outreach as well and has told us many times how very impressed everyone was.

In our opinion, the quality and soundness of doctrine ministered to anyone needing Christ and ministered to well-seasoned saints as well. This was a professional performance with staging, lighting and sound. Galen and Malinda did everything from start to finish with dependability and excellence. Through the performance they addressed needs of outreach, strengthening marriages and family relationships, and the production was also greatly entertaining and encouraged audience participation. We saw smiles from our church family throughout the entire show.

We would highly recommend, "Amazing Grace Land Ministries" to any church or organization. The results of last year's performance have inclined us to contact them again to perhaps have even a bigger performance at our church with another church as well. We believe Galen and Malinda's spiritual character and integrity shine through this gift God has given them.

Sincerely,
David and Jane Rossiter
HomeBuilders Directors,
North East Ohio
